

2nd Annual FLARE MEETING

December 2-5th, 2016

University of Edinburgh, Edinburgh, UK

FRIDAY, DECEMBER 2, 2016

Time	Room	Event
4:00 pm – 6:00 pm	Edinburgh Centre for Carbon Innovation (ECCI) Atrium	Conference check-in: Pick up badge, conference packet
6:00 pm – 8:00 pm		Poster session (presenters at their posters 6:30-7:30pm)
6:00 pm – 6:20 pm		Introduction and welcome: Arun Agrawal , <i>University of Michigan</i> , Gaia Allison , <i>DFID</i> , and Iain Woodhouse , <i>University of Edinburgh</i>
6:20 pm – 9:00 pm		Reception
POSTERS		
<i>Showcased in G.06 on Saturday and Sunday</i>		
Anna Albin , <i>University of Copenhagen</i>		The role of community's participation in community based natural resource monitoring. A comparative study of community-led and expert-led approaches
Zac Baynham-Herd , <i>University of Edinburgh</i>		Conservation conflict interventions: in theory and practice
Alice Brites , <i>Instituto de Energia e Ambiente da USP</i>		Effects of resource dependence and cooperative behavior over engagement in participatory monitoring
Nancy Chawaha , <i>University of Edinburgh</i>		Smallholder farmers' self-perceived vulnerability to floods and local adaptation: A case of Nsanje District in Malawi
Martha Cronin , <i>University of Edinburgh</i>		Managing resources and maintaining livelihoods: Governance and non-governance of unreserved forests in Tanzania
Beatrice Darko-Obiri , <i>CSIR-FORIG</i>		Rosewood (<i>Pterocarpus erinaceus</i>) governance and livelihoods of the savannas of Ghana
Emiel De Lange , <i>University of Edinburgh</i>		How to study information flows and behaviour change in conservation
Maria Fernanda Gebara , <i>Federal Rural University of Rio de Janeiro</i>		Practical implications of rewards and punishment for reducing deforestation in the Brazilian Amazon: A close reading of the REDD+ discourse

Charlotte Hicks , <i>UNEP World Conservation Monitoring Centre</i>	REDD+ outside the tropics: Using spatial analysis to inform planning in Mongolia's boreal forests
Alex Hudson , <i>Royal Botanic Gardens, Kew</i>	Balancing conservation and livelihoods in the Chimanimani Forest belt, Mozambique
Ajay Mahapatra , <i>Forest and Environment Department, India</i>	Dependence and determinants of biodiversity use in tribal livelihood- A case of Indian Biosphere Reserve
Peter Newton , <i>University of Colorado, Boulder</i>	The spatial dimension of forest livelihoods: How many people live in or near forests?
Rose Pritchard , <i>University of Edinburgh</i>	Environmental resources as the final safety net: coping with shocks in rural Zimbabwe
Jane Robb , <i>University of Greenwich</i>	Using behavioural theory and the capability approach to explore drivers of deforestation in a proposed REDD+ region in Guatemala
Valentina Robiglio , <i>ICRAF</i>	Restoration through formalization? The case of agroforestry concessions in the Peruvian forest reform process
Jonathan Sullivan , <i>University of Michigan</i>	Cocaine carbon: Narco-trafficking as a threat to REDD+ in Central America
Monica Vasile , <i>Institute of Sociology, Romanian Academy</i>	Forest commons in the Romanian Carpathians – Photo Exhibition
Geoff Wells , <i>University of Edinburgh</i>	How can we maintain the 'local connection' in upscaled forest land use programmes?
Emily Woollen , <i>University of Edinburgh</i>	Charcoal production in the Mopane woodlands of Mozambique: What are the trade-offs with other ecosystem services?
Juliet Wright , <i>Imperial College London</i>	Out-migration, rural-urban linkages and the implications for tropical forests in Cameroon
Kevin Yang , <i>University of British Columbia</i>	Can forest protection increase food production? Exploring wheat productivity in Ethiopia

SATURDAY, DECEMBER 3, 2016

Time	Room	Event
8:00 am – 9:00 am	50 George Square Lobby	Conference check-in and morning coffee: Pick up badge and conference packet
9:00 am – 10:00 am	George Square G.03	Keynote plenary: Ms. Marina Silva , Former Minister of Environment, Brazil
10:00 am – 10:15 am		Break
10:15 am – 11:45 am		TRACK A: SESSIONS 1-4
	George Square G.03	Session 1 <i>Forests in flux: Deforestation- big drivers and big data</i> <ul style="list-style-type: none"> Combining global datasets to explore drivers of deforestation in Latin America (Florence Pendrill, <i>Chalmers University of Technology</i>)

		<ul style="list-style-type: none"> • REDD+ and the transboundary displacement of forest change: Problematic intersections between land-grabbing and trade flows in the Mekong region. (Micah Ingalls, FAO) • Does road development help not only economic transitions but also forest transitions? Evidence from a natural experiment in road construction across India, 2000–2012 (David Kaczan, Duke University) • Widespread degradation and boosted deforestation offset by extensive regrowth in African woodlands: a high-resolution sub-continental analysis based on radar and field data (Casey Ryan, University of Edinburgh) • Thinking outside the plot: Forest biodiversity monitoring for social science research (Carl Salk, Swedish University of Agricultural Sciences) <p style="text-align: right;">Moderator: Carl Salk, Swedish University of Agricultural Sciences</p>
	George Square G.04	<p>Session 2 <i>Future of forest work and communities: Culture- trends and traditions</i></p> <ul style="list-style-type: none"> • Harnessing global city building to support community forest enterprises and engage local youth (Scott Francisco, Pilot Projects Design Collective) • Rhetoric and reality of 'sustainable development': The case of oil palm in the Peruvian Amazon (Aoife Bennett-Curry, Oxford University) • From production to protection: People and forests in the Romanian Carpathians (Monica Vasile, Romanian Academy) • Small and useful? The potential of smaller, privately owned forests to contribute to the future of rural communities (Anja Byg, The James Hutton Institute) • Biocultural design as a framework to create new livelihood opportunities in a Bribri community of Costa Rica (Mariana Rodríguez Valencia, University of Manitoba) <p style="text-align: right;">Moderator: Aoife Bennett-Curry, Oxford University</p>
	George Square G.05	<p>Session 3 <i>Implementing forest and livelihood policies: When and how to incentivize participation in sustainable forestry</i></p> <ul style="list-style-type: none"> • Willingness-To-Pay or Willingness-To-Accept? Contested property rights in forest conservation in Madagascar (O. Sarabidy Rakotonarivo, Bangor University, P-13) • Making PES work for long-term success of forest conservation: How socioeconomic contextual factors moderate the effect of payments on conservation behavior (Krister Andersson, University of Colorado, Boulder) • Pay individuals or pay groups? Experimental evidence from Ethiopia (Amare Teklay Hailu, Norwegian University of Life Sciences) • The impact of institutions on community-managed forests of central India (Meghna Agarwala, Columbia University) • Scaling up sustainability in commodity agriculture in Brazil: Transferability of lessons from sustainability initiatives in the coffee and cattle sectors (Peter Newton, University of Colorado, Boulder) <p style="text-align: right;">Moderator: Krister Andersson, University of Colorado, Boulder</p>

	George Square G.06	<p>Session 4 <i>Implementing forest and livelihood policies: Effects of tenure change and land transactions on livelihoods</i></p> <ul style="list-style-type: none"> Quantitative impact assessment of forestry concessions on livelihoods in Liberia (Suhyun Jung, <i>University of Michigan</i>) Complex feedback loops triggered by large-scale land transactions in the agroforest systems in Western Ethiopia (Chuan Liao, <i>University of Michigan</i>) Smallholder forestry and land tenure: Evaluating the impact of clear tenure rights on livelihood security of private tree owners (Pushpendra Rana, <i>University of Illinois, Urbana Champaign</i>) Who bears the costs of forest conservation? Lessons from a REDD+ pilot project in Madagascar (Mahesh Poudyal, <i>Bangor University</i>) <p>Moderator: Pushpendra Rana, <i>University of Illinois, Urbana Champaign</i></p>
11:45 am – 1:15 pm		Lunch on your own —see meeting packet for a list of nearby venues
1:15 pm- 1:45 pm	50 George Square Lobby	Coffee break —as you return from lunch
1:45 pm- 3:15 pm		TRACK B: SESSIONS 5-8
	George Square G.03	<p>Session 5 <i>Research applications and tools (Lightning talks)</i></p> <ul style="list-style-type: none"> Methodology for high-frequency Forest-Poverty data collection (Emilie Perge, <i>World Bank</i>. Presenter: Sofia Ahlroth, <i>World Bank</i>) Semi-experimental research to assess social and environmental impacts in the extraction of the non-timber forest products (NTFPs) in the Amazon rainforest (João Paulo Veiga, <i>University of São Paulo</i>) Validation of land-use changes in Peruvian Amazon (Yurimaguas) using Terra-i system data (Reynaldo Solis Leyva, <i>Instituto de Investigaciones de la Amazonía Peruana</i>) Food security in the Amazon: An exploration of livelihoods, resources, institutions, and sustained access to food (Jean Paul Benavides, <i>Centre de Estudios de la Realidad Económica y Social</i>) Linking evidence and practice in implementing forest policies: A case study of women’s inclusion in national REDD+ readiness in Sri Lanka (Erika Drazen, <i>Yale University</i>) Voluntary partnership agreement impact monitoring: Balancing capacity, existing data availability and national processes for contextualised and realistic robustness (Sheelagh O’Reilly, <i>IOD PARC</i>) What impedes efficient adoption? Evidence from randomized sales offers for fuel-efficient cookstoves in Uganda (Andrew Simons, <i>Fordham University</i>) A rose by any other name? Assessing the effectiveness of landscape approaches in the tropics (James Reed, <i>CIFOR</i>) <p>Moderator: Sofia Ahlroth, <i>World Bank</i></p>
	George Square G.04	<p>Session 6 <i>Forests in flux: Changes in the forest-agriculture landscape</i></p> <ul style="list-style-type: none"> How can mapping forest loss, fragmentation, and change help improve long-term comparative analysis of livelihoods and equity in ecosystem services? (Sarah Gergel, <i>University of British Columbia</i>)

		<ul style="list-style-type: none"> • Agrarian change in tropical landscapes: A change for the better? (Terence Sunderland, <i>CIFOR</i>) • Potential of tree-based options on sloping land for soil conservation and improved livelihoods in northwestern Vietnam (Phuong Nguyen, <i>World Agroforestry Centre</i>) • A social-ecological perspective for improving livelihoods and sustainable resource management and conservation (Annie Yang, <i>Thünen Institute of International Forestry and Forest Economics</i>) <p>Moderator: Sarah Gergel, <i>University of British Columbia</i></p>
	George Square G.05	<p>Session 7 <i>Future of forest work and communities: Entrepreneurial responses to local and global markets</i></p> <ul style="list-style-type: none"> • Economic and cultural values of miombo woodlands to rural households on a land use intensity gradient in central Zimbabwe (Rose Pritchard, <i>University of Edinburgh</i>) • Dancing wild rice anew in Wabaseemoong Independent First Nations, Northwestern Ontario, Canada (Marvin McDonald, <i>Wabaseemoong Independent Nations</i>) • Scaling-up community forestry on the path between communitarian and market demands (Daniel Klooster, <i>University of Redlands</i>) • Linking social networks and income in a sustainable use reserve: Implications for forest conservation and sustainable livelihood outcomes (Vivian Zeidemann, <i>Federal University of Pará</i>) • Migration and the new landscape of forest use in Oaxaca, Mexico (James Robson, <i>University of Saskatchewan</i>) <p>Moderator: James Robson, <i>University of Saskatchewan</i></p>
	George Square G.06	<p>Session 8 <i>Pathways to prosperity: Food and energy security</i></p> <ul style="list-style-type: none"> • Forestry and the reduction of food insecurity in Ghana: Do international institutions promoting sustainable forest management create barriers to the reduction of hunger and food insecurity? (Leigh Fox, <i>University of British Columbia</i>) • Linkages between food security, livelihood shocks, and the use of non-timber forest products: Insights from a longitudinal dataset from rural South Africa (Wayne Twine, <i>University of the Witwatersrand</i>) • Persist or vanish: The future of the Dayak Iban swidden agriculture in northern Kapuas Hulu, West Kalimantan (Alfa Ratu Simarankir, <i>Bogor Agricultural University</i>) • Transforming household energy systems in Rwanda: Evaluating Inyenyeri's clean cooking energy system (Pamela Jagger, <i>University of North Carolina at Chapel Hill</i>) <p>Moderator: Pamela Jagger, <i>University of North Carolina at Chapel Hill</i></p>

3:15 pm – 3:45 pm	50 George Square Lobby	Coffee Break
3:45 pm- 5:15 pm		TRACK C: SESSIONS 9-13
	George Square G.03	<p>Session 9 <i>Forests in flux: Community forestry participation and outcomes</i></p> <ul style="list-style-type: none"> • Institutional pathways to improved forest conditions in forest commons (Harry Fischer, <i>Indian School of Business</i>) • Decentralized forest management reduces deforestation and poverty in Nepal (Johan Oldekop, <i>University of Sheffield</i>) • Does collective action sequester carbon? Evidence from the Nepal Community Forestry Program (Randall Bluffstone, <i>Portland State University</i>) • A groupthink trap: Consensual decision-making in community forestry users group- case study of Nepal (Swati Negi, <i>ETH Zürich</i>) <p>Moderator: Johan Oldekop, <i>University of Sheffield</i></p>
	George Square G.04	<p>Session 10 <i>Future of forest work and communities: Policy and governance</i></p> <ul style="list-style-type: none"> • Conserving the Amazon by titling indigenous communities: Evidence from Bolivia, Brazil, Colombia, and Ecuador (Allen Blackman, <i>Resources for the Future</i>) • The tenure gap and its influence on forests and livelihood conditions (Margaret Holland, <i>University of Maryland</i>) • Why should forest conservation invest in strengthening land tenure security? (Allison Kelly, <i>University of Washington</i>) • Challenges in biodiversity conservation and human welfare in a rapidly changing global environment: A case from Corbett National Park, India (Manali Baruah, <i>University of South Carolina</i>) • Good fences, good neighbors? Coordination across property boundaries among private forest land owners (Lora Cirhigiri, <i>University of Michigan</i>) <p>Moderator: Allen Blackman, <i>Resources for the Future</i></p>
	George Square G.05	<p>Session 11 <i>Developing approaches and indicators: Harnessing and benefiting from stakeholder knowledge</i></p> <ul style="list-style-type: none"> • Cumulative impacts of climate change and natural resource exploitation in Indigenous communities of eastern Canada (Hugo Asselin, <i>Universite du Quebec en Abitibi-Temiscamingue</i>) • From regional storylines to national maps: A novel framework for stakeholders driven assessment of future forest trajectories (Claudia Capitani, <i>University of York</i>) • Playing games with the palm oil supply chain (Jaboury Ghazoul, <i>ETH Zurich</i>) • Indigenous people-forest relationships and livelihoods: A case of Kenya and Canada (Gloria Borona and Andrea Lyall, <i>University of British Columbia</i>)

		<ul style="list-style-type: none"> Advocating for change? How a civil society-led coalition influences the implementation of the Forest Rights Act in India (Clare Barnes, <i>Utrecht University</i>) <p style="text-align: right;">Moderator: Jaboury Ghazoul, <i>ETH Zurich</i></p>
	George Square G.06	<p>Session 12 Pathways to prosperity (Lightning talks)</p> <ul style="list-style-type: none"> From farmer to consumer: Promoting sustainability in the cocoa-chocolate value chain (Marisa Camargo, <i>University of Helsinki</i>) Agro-forestry parklands in West Africa: Gender dynamics in shea value chains in Ghana and Burkina Faso (Verina Ingram, <i>Wageningen University</i>) Scale, drivers and impact of timber rush in southern highlands of Tanzania (Esbern Friis-Esbern, <i>Danish Institute for International Studies</i>) Livelihood diversification: The role of charcoal production in southern Malawi (Harriet Smith, <i>University of Edinburgh</i>) Making ends meet: Livelihood/conservation impacts from organic honey production – a case of Acacia honey in Mwingi, Kenya (Peter Musinguzi, <i>University of Copenhagen</i>) Testing the link between forest beekeeping, honey trade and forest maintenance in Ethiopia (Janet Lowore, <i>Bees for Development</i>) Eating insects: A sustainable livelihood assessment of insect consumption and harvesting in Kenya, Kakamega (Malena Sigurgeirsdottir, <i>University of Copenhagen</i>) <p style="text-align: right;">Moderator: Peter Musinguzi, <i>University of Copenhagen</i></p>
3:45 pm – 5:45 pm	G10 Drummond Annex, Geography Bldg	<p>Session 13 FLARE Working Group Roundtable (*Limited capacity, sign up at check-in, and pick up a map -5 min walk from George Square)</p> <p>Field Experiments and Randomized Control Trials in Forest Conservation (Facilitator: Jordi Honey-Rosés, <i>University of British Columbia</i>)</p>
6:00 pm – 8:30 pm		Reception: Signet Library , 2 Parliament Square, Edinburgh, EH1 1RF
SUNDAY, DECEMBER 4, 2016		
8:00 am – 9:00 am	50 George Square Lobby	Conference check-in and morning coffee: Pick up badge and conference packet
9:00 am – 10:30 am		TRACK D: SESSIONS 14-17
	George Square G.03	<p>Session 14 Pathways to prosperity: Concepts, frameworks, and tools</p> <ul style="list-style-type: none"> Pathways to Prosperity – A PRIME Framework (Sofia Ahlroth, <i>World Bank</i>) Forests as pathways to prosperity: Conceptual advances and empirical insights (Daniel Miller, <i>University of Illinois, Urbana Champaign</i>) Innovations towards prosperity emerging in locally controlled forest business models and how to upscale (Duncan Macqueen, <i>IIED</i>)

		<ul style="list-style-type: none"> • The Green Value tool for simplified financial analysis – a collaborative tool for enterprise strengthening and research (Shoana Humphries, <i>Earth Innovation Institute</i>) • REDD+ social and environmental standards: Up scaling Nepal's experiences and learning (Amir Poudel, <i>NARMA/Johns Hopkins University</i>) <p>Moderator: Daniel Miller, <i>University of Illinois, Urbana Champaign</i></p>
	George Square G.04	<p>Session 15 <i>Forests in flux: Understanding adoption of restoration practices</i></p> <ul style="list-style-type: none"> • Characteristics, benefits and drawbacks of ecosystem-based adaptation practices smallholder farming systems (Ruth M. Martinez, <i>Conservation International</i>) • Restoring forests for whom? Aligning local livelihood needs with ecological criteria for successful forest landscape restoration in Malawi (Jeanine Rhemtulla, <i>University of British Columbia</i>) • Enabling conditions for community-based reforestation in PNG (Jack Baynes, <i>University of the Sunshine Coast</i>) • Ecosystem restoration concessions: A second lease of life for Indonesia's embattled forests (Rhett Harrison, <i>World Agroforestry Centre</i>) <p>Moderator: Jeanine Rhemtulla, <i>University of British Columbia</i></p>
	George Square G.05	<p>Session 16 <i>Approaches and indicators: Assessing impacts of DFID-funded forestry programs and policies</i></p> <ul style="list-style-type: none"> • Is forest dependence a good thing? Evidence from Nepal on the role of forests in poverty traps (Anil Bhargava, <i>University of Michigan</i>) • Hastened deforestation as a potential outcome of environmental regulation (Laura Vang Rasmussen, <i>University of Michigan</i>) • Integrating livelihoods and ecosystem services research; a pragmatic framework for the monitoring and evaluation of forestry programmes (Dan van der Horst, <i>University of Edinburgh</i>) • Observing forests from space: Exploring the potential of the new generation of EO Satellites (Edward Mitchard, <i>University of Edinburgh</i>) <p>Moderator: Dan van der Horst, <i>University of Edinburgh</i></p>
	George Square G.06	<p>Session 17 <i>Implementing forest and livelihood policies (Lightning talks)</i></p> <ul style="list-style-type: none"> • Strengthening forest tenure for sustaining livelihoods and generating income-the cases from Cambodia, Nepal and Vietnam (Ganga Dahal, <i>FAO</i>) • TREE AID's experience of forest governance decentralisation in Burkina Faso (Pietro Carpena, <i>TREE AID</i>) • From international norms in forest policy to equitable forest livelihood outcomes: Processes influencing translation of REDD+ safeguards in Nepal and Uganda (Neil Dawson, <i>University of East Anglia</i>) • The anatomy of a cocoa-forestry landscape in Ghana – implications for on-farm timber governance (Mark Hiron, <i>University of Oxford</i>)

		<ul style="list-style-type: none"> • Governance and forest landscape restoration (Stephanie Mansourian, <i>mansourian.org/University of Geneva</i>) • Translations of Sustainable Forest Management in Caatinga biome, Brazil: An institutional analysis across different scales of governance (Joana Mattei Faggin, <i>Wageningen University</i>) • Incentivising forest maintenance: Lessons from devolved forest management policy and practice in South West Ethiopia (Peter O'Hara, <i>PNRM Consultants</i>) • Linking agriculture, conservation and food sovereignty in the Colombian Amazon (Kristina Van Dexter, <i>George Mason University</i>) <p>Moderator: Kristina Van Dexter, <i>George Mason University</i></p>
10:30 am – 11:00 am	50 George Square Lobby	Coffee break
11:00 am – 12:30 pm		TRACK E: SESSIONS 18-21
	George Square G.03	<p>Session 18 <i>Developing approaches and indicators: Understanding forest outcomes of interventions</i></p> <ul style="list-style-type: none"> • Informing policy options based on land use modeling for a forest corridor in Eastern Madagascar (Jenny Hewson, <i>Conservation International</i>) • Can small scale livelihood projects deliver both livelihood and forest conservation outcomes? A case study from the Ankeniheny Zahamena REDD+ project in Madagascar (Celia Harvey, <i>Conservation International</i>. Presenter: James MacKinnon, <i>Conservation International</i>) • Forest governance and economic values of forest ecosystem services in Vietnam (Tiho Ancev, <i>University of Sydney</i>) • Governance and protected area effectiveness to avoid deforestation in Central America (Carlos Muñoz Brenes, <i>University of Idaho</i>) • Evaluating the conservation effectiveness of eight years of investments in the CAZ biological corridor, Madagascar (Karyn Tabor, <i>Conservation International</i>) <p>Moderator: Jenny Hewson, <i>Conservation International</i></p>
	George Square G.04	<p>Session 19 <i>Future of forests and forests peoples (Lightning talks)</i></p> <ul style="list-style-type: none"> • The impact of large scale land development that remains unimplemented (Ole Mertz, <i>University of Copenhagen</i>) • Responsive Bioeconomy: Learning from interaction of states, citizens and forestry sector in forest based bioeconomy (Irmeli Mustalahti, <i>University of Eastern Finland</i>) • Branching out? Values and perceptions of forest fragments and their contributions to rural livelihoods and multifunctional landscapes in Nam Dong District, Central Viet Nam (Lucy Oates, <i>LANDac and Utrecht University</i>) • Indirect contributions of forests to dietary diversity in Southern Ethiopia (Frédéric Baudron, <i>CIMMYT (International Maize and Wheat Improvement Center)</i>)

		<ul style="list-style-type: none"> • REDD+: Forests and resistant identities in Guyana and Suriname (Y Ariadne Collins, <i>Central European University</i>) • The challenges of engaging communities in forest management and decision-making: From aspiration to implementation (Antonia Eastwood, <i>James Hutton Institute</i>) • Protected area governance and access to ecosystem services, a case study from Madagascar (Caroline Ward, <i>University of Leeds</i>) • Moving beyond conservation and development: Securing community tenure to secure livelihoods and forests (Justin Kenrick, <i>Forest Peoples Programme</i>) <p>Moderator: Ole Mertz, <i>University of Copenhagen</i></p>
11:00 am – 1:00 pm	George Square G.05	<p>Session 20 <i>FLARE Working Group Roundtable (*Limited capacity, sign up at check-in)</i></p> <p>Future of Forest Work and Communities (Facilitators: Iain Davidson-Hunt, University of Manitoba/ IUCN People in Nature Knowledge Basket, Scott Francisco, Pilot Projects Design Collective, Marvin McDonald, Wabaseemoong Independent Nations, James Robson, <i>University of Saskatchewan</i>)</p>
	George Square G.06	<p>Session 21 <i>Implementing forest and livelihood policies: Deconstructing forest policies and implementation</i></p> <ul style="list-style-type: none"> • Structuring traditional institutions for forest governance: Legitimacy, customary law, and change. (Michael Musgrave, <i>Keele University</i>) • Oxygen ions, and tigers, and boars, oh my! The paradox of why villagers living in the forest support conservation when it hurts their livelihoods (Rodd Myers, <i>University of East Anglia</i>) • Multiple scales, single dimensions: Examining the knowledge-policy gap in REDD+ research (Laura Sauls, <i>Clark University</i>) • Enhancing the uptake of scientific information in conservation decision-making in Madagascar (Patrick Rafidimanantsoa, <i>Bangor University</i>) • Governing forest landscapes: Social impacts of the institutional bricolage in São Félix do Xingu (Maria Fernanda Gebara, <i>Federal Rural University of Rio de Janeiro</i>) <p>Moderator: Maria Fernanda Gebara, <i>Federal Rural University of Rio de Janeiro</i></p>
12:30 pm – 2:00 pm		Lunch on your own
2:00 pm – 3:30 pm		TRACK F: SESSIONS 22-25
	George Square G.03	<p>Session 22 <i>Implementing forest and livelihood policies: New paradigms for forest conservation</i></p> <ul style="list-style-type: none"> • ‘Share if you also love the virgin forests’: Restoring pristine nature in the Romanian Carpathians (George Iordăchescu, <i>IMT School for Advanced Studies Lucca</i>) • Conservation in the Congo Basin rainforests: The need for a new paradigm (Simon Counsell, <i>Rainforest Foundation UK</i>)

		<ul style="list-style-type: none"> • Impact of protected areas on poverty and inequality in Nepal (Bowy Den Braber, <i>University of Sheffield</i>) • From community-based to multi-scalar forest governance: Institutions, policy, and practice (Cassandra Moseley, <i>University of Oregon</i>) • From community-based monitoring to community-based research: Demystifying the scientific process to improve forest management at community level (Tuyeni Mwampamba, <i>National Autonomous University of Mexico</i>) <p style="text-align: right;">Moderator: Cassandra Moseley, <i>University of Oregon</i></p>
	George Square G.04	<p>Session 23 Unpacking gender dimensions in forestry</p> <ul style="list-style-type: none"> • Forest tenure reforms and women rights: Analyzing social differentiation within collective tenure regimes (Iliana Monterroso, <i>Centre for International Forestry Research</i>) • Tree uses and decision-making patterns among men and women smallholder coffee agroforestry producers in Nicaragua (Tatiana Gumucio, <i>International Center for Tropical Agriculture</i>) • A gender lens to ecosystem service prioritization: A case study with indigenous communities in the Colombian Amazon (Martha Vanegas, <i>International Center for Tropical Agriculture</i>) • Gender norms and gendered impacts of the smallholder oil palm 'land rush' in East Kalimantan, Indonesia: Challenging zero deforestation commitments (Rebecca Elmhirst, <i>University of Brighton</i>) • Actions speak louder than words: Using a logit analysis to determine differences in women and men's adoption of agroforestry cacao production in coastal Ecuador (Trent Blare, <i>World Agroforestry Centre</i>) <p style="text-align: right;">Moderator: Tatiana Gumucio, <i>International Center for Tropical Agriculture</i></p>
	George Square G.05	<p>Session 24 Pathways to prosperity: Case studies</p> <ul style="list-style-type: none"> • Financial analysis of fuelwood production from woodlots in the Savannah transition zone of Ghana (Beatrice Darko Obiri, <i>CSIR-Forestry Research Institute of Ghana</i>) • State-owned forests as an asset for nature-based tourism enterprises: Case Finnish Lapland (Anna-Kaisa Kosenius, <i>University of Helsinki</i>) • Will the DRC community forest model be viable? (Robert Nasi, <i>CIFOR</i>) • Optimizing synergies between livelihoods development and forest conservation: Evidence from community forest enterprise development in Peten, Guatemala (Dietmar Stoian, <i>Biodiversity International</i>) • Willingness of farmers in the Brazilian Amazon to conserve neighboring forests to safeguard their yields (Avery Cohn, <i>Tufts University</i>) <p style="text-align: right;">Moderator: Robert Nasi, <i>CIFOR</i></p>
	George Square G.06	<p>Session 25 Developing approaches and indicators: Understanding livelihood impacts and outcomes of forest interventions</p>

		<ul style="list-style-type: none"> Combining participatory forest management with REDD+ in Tanzania: An analysis of livelihood impacts through household and governance panel data (Esteve Corbera, <i>Universitat Autònoma de Barcelona</i>) What are the biophysical, institutional and socioeconomic contextual factors associated with improvements in livelihood and environmental outcomes in forests managed by communities? (Reem Hajjar, <i>Oregon State University</i>) Socio-ecological costs of Amazon nut and timber production at community household forests in the Bolivian Amazon (Marlene Soriano, <i>Instituto Boliviano de Investigación Forestal</i>) Following the surplus shifts from restrictions on forest use: Comparing gains from exclusion to equity gains from efficiency (Alex Pfaff, <i>Duke University</i>) REDD+ on the ground progresses slowly, yet yields important lessons (William Sunderlin, <i>Independent Consultant</i>) <p style="text-align: right;">Moderator: Reem Hajjar, <i>Oregon State University</i></p>
3:30 pm – 4:00 pm	50 George Square Lobby	Coffee break
4:00 pm – 4:45 pm	George Square Lecture G.03	Keynote plenary: Joji Carino , Senior Policy Advisor, <i>Forest Peoples Programme</i>
4:45 pm – 6:00 pm	George Square Lecture G.03	Plenary closing discussion (Facilitators: Dan Brockington , <i>University of Sheffield</i> , Arun Agrawal , <i>University of Michigan</i> , Gaia Allison , <i>DFID</i>)
MONDAY, DECEMBER 5, 2016		
Optional Workshop (Registered in advance)		
9:00 am – 11:00 am	Geography-Ogilvie	Workshop Participatory methods for understanding and monitoring changes in ecosystem services from forests (Facilitators: Anja Byg , Anke Fischer , Antonia Eastwood , Gillian Donaldson-Selby , <i>The James Hutton Institute</i>)
